

# Airmat Select Fancoil

**Product Range**

**Applications**

**Filter Class**

**KEY FACTS**

- Synthetic polyester filter medium
- Available in a wide variety of sizes
- Reusable metal frame

**DESIGN**

Synthetic filter medium on a wire frame that can be reused with the Airmat Select Fancoil Refill.

**APPLICATIONS**

Installed into floor, wall and ceiling-mounted fan coil induction units to provide air cleanliness and protection for system parts.

# Airmat Select Fancoil

## PERFORMANCE DATA

Article No.	Filter Class		Dimensions	Pressure Drop
	ISO 16890	EN 779	mm	Pa
N/A	Coarse 60%	G2	Wide variety of sizes	20

## SPECIFICATION

<b>Recommended air velocity</b>	Max. 1.9 m/s	<b>Rec. final pressure for efficient energy use acc. to EN 13053</b>	Lowest value of initial pressure drop + 50 Pa, or initial pressure drop x 3
<b>Heat resistance</b>	Max. 100 °C	<b>Moisture resistance</b>	100 % rel. humidity
<b>Regenerable</b>	Yes - with Airmat Select Fancoil Refill	<b>Incinerable</b>	Yes - excluding metal frame
