

Fleetguard NG5910 for Natural Gas ISG 12G Heavy Duty Engines

Lower Emissions, Improved Performance, Lower Costs

The **Fleetguard NG5910** Filter provides the following benefits:

- Offers high efficiency removal of suspended liquid and solid impurities
- Flow rates up to 120 lbs. per hour
- Pressure rating of up to 150 psig
- 99.99% efficient at 10 microns
- 31% increased height compared to NG5900

With industry leading performance and first fit OEM availability, natural gas engines combine all the advantages of clean-burning, low cost natural gas with “no compromise” power and torque.

Technical Profile	Value
Normal Operating Pressure	100-150 psig
Proof Pressure	250 psig
Burst Pressure	600 psig
Rated Flow	120 lbs/hr at 100 psig inlet
Particulate Filtration Efficiency	99.99% at 10 micron
Aerosol Filtration Efficiency	98% at 0.3 micron
Operating Temperature	-40 to 250 °F (-40 to 121 °C)
Clearance for Filter Removal	1.7" (4.4 cm)
Sump Capacity	12 oz
US Code	NFPA52
