Technical Specifications

Product Type:

Fuel/Water Separator Spin-on with Open End for Bowl

Contains:

Bowl Thread: M95 x 2.5; Integral Post Seal

Thread Size:

1-14

Outside Diameter:

4 1/4 (108.0)

Length:

5 3/16 (131.8)

Includes:

A. Gasket: [1] Included; I. Gasket: [1] Included; O-Ring: [1] Included

Related To:

BF1348 (Standard Version); BF1348-SP (Sensor Port Version)

Compatible Competitor Part Number:

Racor S3225P

Application:

Blue Bird Buses; Freightliner, Hino, Peterbilt Trucks; Racor 325 Series

Brand:

Baldwin

Industry:

Automotive
Heavy-duty on-highway transportation
Commercial trucks and buses
Agriculture
Construction
Industrial
Marine
Mining
Oil & Gas
Power Generation

Product Style:

Fuel Filter

Technology:

Filtration

Item Information

Baldwin spin-on fuel filters with open ports for bowls keep fuel clean and engines running at maximum efficiency. These filters feature a port designed to be used with the OE bowl. New fuel systems operate at higher pressures (up to 60,000 psi) and tighter tolerances than ever before. Microscopic particles in the fuel, as small as 2-3 microns, can cause abrasive wear severely damaging the fuel injection system and other high pressure engine components. Baldwin Filters offers more than 1100 different fuel filters, fuel managers, coalescers, and fuel/water separators to protect your engine.
