Technical Specifications

Product Type:

Fuel Spin-on with Drain

Thread Size:

1-14

Outside Diameter:

3 11/16 (93.7)

Length:

7 13/32 (188.1)

Includes:

I. Gasket: G381-A; O-Ring: [1] Included

Micron Rating:

5 Nominal; 25 Absolute

Compatible Competitor Part Number:

Alliance ABP/N12232FRT02

Application:

Freightliner, Sterling Trucks with Caterpillar Engines

Brand:

Baldwin

Technology:

Filtration

Industry:

Automotive

Heavy-duty on-highway transportation

Commercial trucks and buses

Agriculture

Construction

Industrial

Marine

Mining

Oil & Gas

Power Generation

Product Style:

Fuel Filter

Item Information

"Modern fuel injection systems require fuel be free of both particulate and water contamination. Baldwin spin-on fuel filters with heavy-duty construction keep fuel clean and engines running at maximum efficiency. New fuel systems operate at higher pressures (up to 60,000 psi) and tighter tolerances than ever before. Microscopic particles in the fuel, as small as 2-3 microns, can cause abrasive wear severely damaging the fuel injection system and other high pressure engine components. Baldwin Filters offers more than 1100 different fuel filters, fuel managers, coalescers, and fuel/water separators to protect your engine."
