Part #: BF46233

[Where to Buy](#)

Modern fuel injection systems require fuel be free of both particulate and water contamination. Baldwin spin-on fuel filters keep fuel clean and engines running at maximum efficiency.

Technical Specifications

Brand:	Baldwin	Product Type:	Fuel Spin-on
	Automotive	Thread Size:	M32 x 1.5-6H
	Heavy-duty on-highway transportation	Outside Diameter:	4 1/4 (108.2)
	Commercial trucks and buses	Length:	10 15/32 (265.9)
	Agriculture	Gasket:	Attached Gasket: [1] Included
	Construction	Micron Rating:	4.3 Absolute
	Industrial		
	Marine	Application:	Volvo VAH200, VAH430, VAH630, VHD200, VNL300, VLN430, VNL630, VNL670, VNL730, VNL780, VNM200, VNX630 North America Trucks
	Mining	Compatible	
	Oil & Gas	Competitor Part	Renault 7423044513; Volvo 22988765, 23044511
	Power Generation	Number:	
Product Style:	Fuel Filter		
Technology:	Filtration

Item Information

"Modern fuel injection systems require fuel be free of both particulate and water contamination. Baldwin spin-on fuel filters with heavy-duty construction keep fuel clean and engines running at maximum efficiency. New fuel systems operate at higher pressures (up to 60,000 psi) and tighter tolerances than ever before. Microscopic particles in the fuel, as small as 2-3 microns, can cause abrasive wear severely damaging the fuel injection system and other high pressure engine components. Baldwin Filters offers more than 1100 different fuel filters, fuel managers, coalescers, and fuel/water separators to protect your engine.
