Fleetguard CC2602

Brand:

Baldwin

Division:

Engine Mobile Aftermarket

Industry:

- Heavy-duty on-highway transportation
- Commercial trucks and buses

Technology:

Filtration

Product Style:

Coolant Filter

Item Information

Liquid supplemental coolant additives can be used instead of coolant filters to replenish the cooling system when depleted. Periodic testing of coolant mixtures should be done to ensure proper chemical levels are maintained. The service sticker inside the driver side door indicates which type of additive the system requires (BTE or BTA PLUS).
