Technical Specifications

Product Type:

Extreme Performance Nano Radial Seal Outer Air Element

Outside Diameter:

9 9/32 (235.7)

Inside Diameter:

5 5/32 (131.0) One End

Length:

18 15/16 (481.0)

For Use With:

RS3717

Related To:

RS3517 (Standard Media Version)

Compatible Competitor Part Number:

Donaldson P532966

Application:

Ford, Freightliner Trucks; Case-International, Doosan, John Deere, Komatsu, New Holland Equipment

Brand:

Baldwin

Division:

Engine Mobile Aftermarket

Industry:

Power generation

Item Information

"Ideally suited to demanding high dust environments, Baldwin's Extreme Performance air filters offer fleet operators significant benefits over conventional cellulose-only media, including higher initial efficiency and greater capacity for extended filter replacement intervals. Baldwin's Extreme Performance air filters utilize nanofiber technology. Nanofiber, which is bonded to cellulose media, provides unequalled performance, particularly with submicron contaminants.
