Technical Specifications

Product Type:

Radial Seal Air Element with Lid

Contains:

Plastic lid with dump valve.

Outside Diameter:

5 (127.0)

Inside Diameter:

1 29/32 (48.4) One End

Length:

9 29/32 (251.6)

Compatible Competitor Part Number:

Thermo King 11-9300

Application:

Thermo King Refrigeration Units

Brand:

Baldwin

Product Style:

Air Filter

Industry:

- Marine
- Mining
- Oil and gas
- Construction
- Agriculture
- Compressor

Technology:

Filtration

Item Information

Baldwin engine air intake filter elements protect heavy-duty equipment by preventing airborne dirt and other contaminants from entering the combustion chamber. Radial seal filters utilize a urethane compound to form the molded ends and bond the media pack, which includes the inner and outer metal wrappers, forming a strong, yet flexible package. The heavy-duty radial seal gasket formed from this urethane compound is designed to make servicing easier and more cost effective.
