# Clariflow-WN (Wine Grade) Pleated Membrane Filter Cartridges | PES Membrane for final Filtration of Wine and Beverages

[Where to Buy](#)

Part #: 25 10710 004 2 WN

The Clariflow-WN (Wine Grade) pleated membrane filter cartridge offers extended life and absolute retention efficiency making it an ideal filter for the clarification of wine.

## Technical Specifications

Brand:	Parker	Outside Diameter:	2.75 inch
Function:	Clarification/Prefiltration/Polishing	Hose Reinforcement Material & Structure:	Polypropylene
Media:	PES (Polyethersulfone)	Secondary Seal:	N/A
Filter Construction:	Pleated Membrane	Micron Rating (µm):	0.45
End Cap Configuration:	Polypropylene	Seal Material:	S7442
Core Type:	Polypropylene	End Cap Configuration:	226 O-Ring/Fin
Flow Rate:	8.0GPM/PSID per 10 inches cartridge equivalent for 0.45 micron	Style:	No Insert
Industry:	Food and Beverage	Length (inch):	10

[Safety Warning](#)

## Item Information

At the heart of the Clariflow-WN (Wine Grade) pleated membrane filter cartridge design is a special membrane composed of polyethersulfone (PES). Choosing either the 0.65 or 0.45 µm pore sizes for red and white wines, PES membrane offers superior flow, extended on-stream life, and the consistent removal of micro-organisms and particulates. Clariflow-WN (Wine Grade) cartridges are inherently hydrophilic, and contain no added surfactants or wetting agents. The PES membrane also exhibits low color-binding characteristics. This ensures that the filter will not affect the taste of the wine being processed. Each cartridge is manufactured in a certified cleanroom environment in accordance with a quality system consistent with the requirements of ISO 9001 certification and guidelines.
