

# High Pressure Stainless Steel In-line Filter - EAPF iProtect® Series

Part #: EAPF1102QIHBM3MN082EX

EAPF iProtect® stainless steel in-line filter series is designed to provide high quality filtration of hydraulic systems in marine, oil and gas and process equipment markets covering a flow range up to 120l/min at max 690 bar pressure level.

## Technical Specifications

Flow Rate:	0 to 45 l/min	Options:	ATEX Certified
Division:	Hydraulic and Industrial Process Filtration EMEA	Indicator Type:	Visual
Bypass Valve Pressure Rating:	No Bypass	Industry:	<ul style="list-style-type: none"> <li>• Oil and Gas</li> <li>• Marine</li> <li>• Process Equipment</li> </ul>
Brand:	Parker	Indicator Pressure Setting:	5.0 bar
Connection Type:	½" NPT	Application:	<ul style="list-style-type: none"> <li>• Drilling equipment</li> <li>• Lifting equipment</li> <li>• Sub sea systems</li> <li>• Deck equipment</li> <li>• Flushing rigs</li> <li>• Chemical injection</li> </ul>
Technology:	Filtration	For Fluid Type:	Hydraulic Oil
Filter Element Type:	02QI High Strength Element	Seal Material:	Nitrile
Product Type:	Hydraulic Oil Filter		
Filter Type:	High Pressure Inline Filter		
Micron Rating:	2 µm		
Product Series:	EAPF iProtect® Series

## Item Information

EAPF iProtect® stainless steel filters series has patented element design which guarantees the quality of filtration directly impacting th reliability.

The iProtect® product applies a re-usable element core which can be combined with a bypass valve, reducing the environmental impact over 50% typically.

The EAPF applies twin seal technology ensuring that external contamination including water cannot ingress the threaded connection between the filter head and bowl. A special hole pattern is applied in the bowl for decompression of the threaded area.

EAPF filter is ATEX certified filter housing and is available with ATEX approved indicators.

#### Typical Applications

- Drilling equipment
- Lifting equipment
- Sub sea systems
- Deck equipment
- Flushing rigs
- Chemical injection

For more information or a detailed discussion about your specific requirements please contact Parker or an authorised Parker distributor.
