

DIGI Plus Oil Test Kits

Part #: FG-K6-108-KW+

Protect your assets, improve productivity, and increase uptime with regular on-site oil analysis. Parker's complete range of economical oil test kits provide reliable oil condition results in minutes.

Technical Specifications

For Fluid Type:	System and Cylinder Oils	Maximum Fluid Temperature:	n/a
Product Style:	Total Base Number (TBN) Sensor	Minimum Fluid Temperature:	n/a
For Fluid Type:	Oil, Fuel Oil	Electrical Requirements:	Rechargeable Battery
Weight:	Packaged 6.1 kg, Packaged 13.5 lb	Communication Interface:	USB Connection
Technology:	Filtration, Hydraulics	Signal Output:	TBN/Oil in Water: LCD Display
Sensing Method:	TBN/Oil in Water: Electronic Transducer, Viscosity: Comparator (Viscostick), TAN/Insolubles: Chemical	Cycle Time:	3 min
Operating Temperature:	18 to 65 °C, 64 to 149 °F	Specifications Met:	CE Certification
Brand:	Kittiwake	Materials of Construction:	Case: Aluminum or ABS
Division:	Hydraulic & Industrial Process Filtration Division	Seal Material:	n/a
Industry:	EMEA	Body Material:	DIGI Cell: Glass Reinforced Plastic
Product Type:	Marine	Height:	112 mm
Operating Pressure:	Condition Monitor	Width:	77 mm
Flow Rate:	n/a	Package Type:	Rugged Design portable case
Port Size:	n/a		
Port Type:	n/a

Item Information

Parker's DIGI Plus oil test kits provide a condition monitoring tool enabling you to make informed operational and maintenance decisions about your critical plant and equipment. The ability to test on-site at the point of use enables engineers and facilities managers to conduct oil analysis quickly and easily. Detecting out-of-spec fuels and lubricants can identify potential problems before they become critical. Choose from a range of equipment and parameters to use either individually or combined as a single test kit.

Available Kits:

DIGI Plus Test Cell - The DIGI Plus Test Cell from Parker is a compact, onboard oil test kit ideally suited for use in marine applications. The test cell is capable of testing for water in oil.

DIGI Plus Base Number Test Kit - Parker's oil test kit range provides a complete set of economically priced equipment, with a level of accuracy suited to routine analysis. The test kit is capable of testing for total base number (TBN).

DIGI Plus Field Test Kit - The DIGI Plus Field Kit from Parker comes complete with tests for Water in Oil, Total Base Number, Total Acid Number, Insolubles and Viscosity Comparison. This kit provides the ability to test on-site, resulting in convenient routine oil analysis.
