## In-Tank Mounted Filter - IN-AGB Series

whart #bln 1210QLBNEXXX1

The IN-AGB Series is a low cost, high performance in-tank mounted return line filter featuring a guick response bypass construction with low hysteresis and a high dirt-holding capacity.

## **Technical Specifications**

Filter Element: 10QL Ecoglass \* Bypass Valve (bar): 1,5 \* Brand: Parker Flow Rate: 600 l/min Bypass Valve 1.5 bar Pressure Rating:

Division: Hydraulic & Industrial Process Filtration Division EMEA

Filter Element Type: 10QL Ecoglass

Industrial Manufacturing Equipment, Off-Road Industry: Machinery

Micron Rating: 10 µm

Agricultural Machines, Articulated Dump Trucks, Application: Forestry Equipment, Lubrication Systems, Excavators

Options: No Diffuser

▲ Safety Warning

Technology: Hydraulics, Filtration Product Type: Hydraulic Filter Seal Material: Nitrile Heiaht: 599 mm **Product Series: IN-AGB Series** Outside Diameter: 150 mm For Fluid Type: Hydraulic Oil Operating Pressure: 0-34 bar, 0-500 psi Operating -40 to +100 °C Temperature: Mounting Type: Tank Mounted

Degree of filtration determined by multipass test Specifications Met: according to ISO 16889.

Indicator Type: No Indicator

## **Item Information**

The low-cost, high-performance return line IN-AGB filter features Q3 filter media, a bypass construction with low hysteresis, magnetic pre-filtration and a high dirt-holding capacity. The range is capable of handling flow rates from 30 l/min up to 2400 l/min. LEIF® elements are available for flow rates up to 1500 l/min, meeting the most stringent demands for environmentally-friendly filtration and offering protection against poor quality pirate elements.

## **Features and Benefits**

- The filter is integrated into the tank for a compact, low-cost design
- · Bypass construction with low hysteresis for improved system protection.

Home range of diffusers including airtight options.

Products om inside to out ensuring all captured contamination is retained inside the element and no recontamination of the system during element change out can occur.
