Technical Specifications

Division:	Hydraulic and Industrial Process Filtration EMEA	Materials of Construction:	Case: BS 304 S15 Stainless Steel Window: Acrylic Movement: Brass
Operating Pressure:	0-400 bar (0-5801 psi)	Connection Type:	Dial: White Aluminium Pointer: Black Aluminium Panel Mounting / Lower back
Brand:	Parker	Ingress Protection Rating:	IP 65
Port Size:	G1/2	Options:	Bourdon Tube: Phosphor bronze, helical type
Product Type:	Pressure Gauge		
Diameter:	100 mm (4 inch)		

[Safety Warning](#)

Item Information

Pressure gauges are used in several applications to give an instant visual indication of system pressure level.

Parker pressure gauges have a stainless steel casing and acrylic glass window. They are filled with 99,7% glycerine.

Features

- Temperature range up to 60°C.
- Accuracy down to 1.0% of full scale.
- IP Class 65.

For more information or a detailed discussion about your specific requirements please contact Parker or an authorised Parker distributor.
