Universal Bottle Sampler - UBS

Part #: UBS9004

Simple and efficient offline oil sampling, ideal for batch oil sampling.

Technical Specifications

Product Type:	Universal Bottle Sampler	Power Supply Voltage:	12 Vdc
For Fluid Type:	Phosphate Esters	Materials of Construction:	Extruded Aluminium
Industry:	Industrial Manufacturing General Industrial Oil and Gas Industrial & Chemical Processing	Weight:	8.82 lbs (4 Kg)
Product Type:	Condition Monitoring Accessories	Seal Material:	Marprene Tube FFKM
Division:	Hydraulic & Industrial Process Filtration Division	Specifications Met:	CE Certified
Technology:	EMEA	Operation Type:	Manual interface with LCM30
Brand:	Filtration, Hydraulics	Includes:	Bottle Pack Manual Sample Tube Pack Interface Cable to LCM30 Power Lead
Operating Temperature:	Parker		
	41°F to 176°F (+5°C to +80°C)		

[Safety Warning](#)

Item Information

The UBS provides the dynamic link to portable particle counters. The UBS off-line sampler has microprocessor technology to recognize and adjust to the connecting monitor including the icountLCM20.

Product Features

- Viscosity range 2 to 250 cSt
- Simple operation
- Efficient testing procedure - Test time 2m 15s / 4m 15s (Flush 2m)

- Clean and contamination free sampling
- Available for both mineral based and aggressive fluids
- Further advances the LCM20's flexibility into laboratory bottle sampling environments
- Can accept various different sized bottles
- Minimal working parts
- Internal auto setting fuse for overload protection
- Simple maintenance procedures

Typical Applications

- Batch sampling
- Aircraft rig certification
- Oil research
- Laboratory testing
- Transfer line monitoring
