Universal Bottle Sampler - UBS

Part #: UBS9005

Simple and efficient offline oil sampling, ideal for batch oil sampling.

Technical Specifications

For Fluid Type:	Aggressive Fluid	Power Supply Voltage:	12 Vdc
Industry:	Industrial Manufacturing	Materials of Construction:	Extruded Aluminium
Product Type:	General Industrial	Weight:	8.82 lbs (4 Kg)
Product Type:	Oil and Gas	Seal Material:	Fluorocarbon
Product Type:	Industrial & Chemical Processing	Specifications Met:	CE Certified
Product Type:	Condition Monitoring Accessories	Operation Type:	Military Approved
Product Type:	Universal Bottle Sampler (includes aluminium case and accessories)	Includes:	Manual
Division:	Hydraulic & Industrial Process Filtration Division EMEA		Bottle Pack
Technology:	Filtration, Hydraulics		De-gassing Chamber
Brand:	Parker		Manual
Operating Temperature:	41°F to 176°F (+5°C to +80°C)		Sample Tube Pack
			Interface Cable to LCM20

[Safety Warning](#)

Item Information

The UBS provides the dynamic link to portable particle counters. The UBS off-line sampler has microprocessor technology to recognize and adjust to the connecting monitor including the icountLCM20.

Product Features

- Viscosity range 2 to 250 cSt
- Simple operation

- Efficient testing procedure - Test time 2m 15s / 4m 15s (Flush 2m)
- Clean and contamination free sampling
- Available for both mineral based and aggressive fluids
- Further advances the LCM20's flexibility into laboratory bottle sampling environments
- Can accept various different sized bottles
- Minimal working parts
- Internal auto setting fuse for overload protection
- Simple maintenance procedures

Typical Applications

- Batch sampling
- Aircraft rig certification
- Oil research
- Laboratory testing
- Transfer line monitoring
