166 mm

Inside Diameter:

-

Filter Type:

Filter Insert

Industry:

Automotive, Heavy-duty on-highway transportation, Commercial trucks and buses, Agriculture, Construction, Industrial, Marine, Oil & Gas, Power Generation, Compressor

Brand:

Racor

Product Style:

Air Filter

Technology:

Filtration

Item Information

Parker Racor engine air intake filter elements protect heavy-duty equipment by preventing airborne dirt and other contaminants from entering the combustion chamber.

Radial seal filters utilise a urethane compound to form the moulded ends and bond the media pack, which includes the inner and outer metal wrappers, forming a strong, yet flexible package. The heavy-duty radial seal gasket formed from this urethane compound is designed to make servicing easier and more cost effective.
