Filtered Medium:

Diesel

Part Type:

Vacuum Restrictor Indicator

Application:

Racor

Application Type:

Not Applicable

OEM code:

Not Applicable

Item Information

Parker is a global company, with manufacturing locations around the world producing genuine Racor replacement filters. The majority of our filters are designed, tested and manufactured in the USA. Wherever you see our OEM supply logo, that means Racor designed the original OEM filter installed on the engine or vehicle that rolls off the assembly line. The ParFit version of that filter is identical to the OEM filter in fit, function, and performance. These parts meet every OEM specification.
