## Technical Specifications

### Use Case:

For Use In EAF202000ULEX, EAF202090ULEX

### Part Type:

UL Filter

---

## Item Information

Racor's heavy duty air cleaners are designed and built to meet the demanding requirements for agricultural, construction, turf care, forestry, and mining equipment. The ECO-TL Series is designed for high dust environments with excessive vibration and extreme temperatures. The Racor ECO-TL Series is the cost effective choice for heavy duty applications.

The Racor air filter elements offer a high-efficiency, engineered application-specific media that improves performance as it extends service life.

Clean air, that's what Racor air filtration is all about. Because when engines breathe easier they perform better – with more power, more torque and with improved fuel economy. Whatever your application, there's a Racor air filtration system that will help you and your engine breathe easy.
