## Technical Specifications

**Shape:**

Round

**Length:**

533 mm

**Inside Diameter:**

167 mm

**Filter Type:**

Filter Insert

**Outside Diameter:**

267 mm

**Industry:**

Automotive, Heavy-duty on-highway transportation, Commercial trucks and buses, Agriculture, Construction, Industrial, Marine, Oil & Gas, Power Generation, Compressor

**Brand:**

Racor

**Product Style:**

Air Filter

**Technology:**

Filtration

## Item Information

Parker Racor engine air intake filter elements protect heavy-duty equipment by preventing airborne dirt and other contaminants from entering the combustion chamber.

Radial seal filters utilise a urethane compound to form the moulded ends and bond the media pack, which includes the inner and outer metal wrappers, forming a strong, yet flexible package. The heavy-duty radial seal gasket formed from this urethane compound is designed to make servicing easier and more cost effective.
