## Technical Specifications

Length:	313 mm	Industry:	Automotive, Heavy-duty on-highway transportation, Commercial trucks and buses, Agriculture, Construction, Industrial, Marine, Oil & Gas, Power Generation, Compressor
Shape:	Round	Brand:	Racor
Outside Diameter:	128 mm	Product Style:	Air Filter
Filter Type:	Filter Insert	Technology:	Filtration
Inside Diameter:	80 mm		

[Safety Warning](#)

## Item Information

Parker Racor engine air intake filter elements protect heavy-duty equipment by preventing airborne dirt and other contaminants from entering the combustion chamber.

Radial seal filters utilise a urethane compound to form the moulded ends and bond the media pack, which includes the inner and outer metal wrappers, forming a strong, yet flexible package. The heavy-duty radial seal gasket formed from this urethane compound is designed to make servicing easier and more cost effective.
